

# Know your **flood risk**

## Find out about your flood risk

- Contact your council for localised information about your flood risk.
- Contact your local NSW SES Unit for localised flood information.
- Talk to your neighbours and to residents who have lived, worked or visited the area for a long time for historical flood information.
- Research the height your home, business or property may be affected by flood.
- Ensure that you have the right insurance policy to cover flood damage for your home and property.

## Be aware of the **impacts of flood**

Damage to your home, business or property

Loss of power and water supply

Loss of communication connections

Damage to sewage systems

Floodwater over roads, bridges and places you visit

Isolation. Even if your property is not flooded, you could be surrounded by floodwater.

## Know what to do and where to go

Plan to leave early.

Share your emergency plan with family, neighbours and colleagues and review it regularly.

Plan safe routes of travel for different road closure scenarios.

### Be Informed

Download the **Hazards Near Me** app to your mobile devices and create **Watch Zones** for the areas you live, work and visit.

In life threatening situations call **Triple Zero (000)**

For emergency help in flood, storm and tsunami, call the **NSW SES on 132 500.**
