

Know your tsunami risk

Find out about your tsunami risk

Contact your local NSW SES Unit to get localised tsunami information.

Know your tsunami evacuation areas by reviewing the **Evacuation Area Map** on the [NSW SES website](#).

Be aware of the signs and consequences of tsunami

There are many natural signs of a tsunami, for example:

earthquake

unusual ocean behaviour: either looking like a fast-rising flood or a wall of water, or the ocean water level dropping dramatically to show the ocean floor

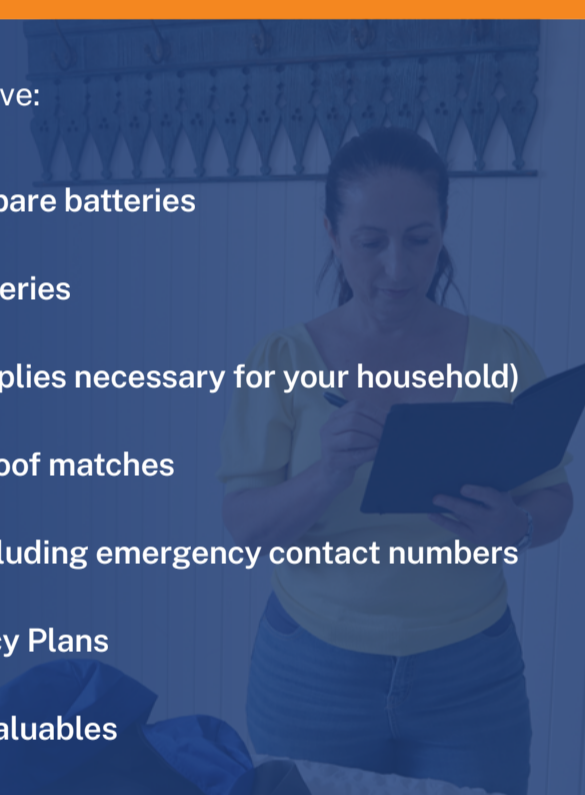

a roaring sound from the ocean, similar to the sound of a train

Prepare an emergency kit

Your emergency kit must have:

- ✓ Portable radio with spare batteries
- ✓ Torch with spare batteries
- ✓ First aid kit (with supplies necessary for your household)
- ✓ Candles and waterproof matches
- ✓ Important papers including emergency contact numbers
- ✓ Copy of all Emergency Plans
- ✓ Waterproof bag for valuables

Get Prepared

Download the **Hazards Near Me** app to your mobile devices and create **Watch Zones** for the areas you live, work and visit.

Prepare **tsunami evacuation plans** for your home, business and properties that are within tsunami risk areas, and make sure you plan for all people and animals in your care.

Share your emergency plan with family, neighbours and colleagues and review it regularly.

In life threatening situations call **Triple Zero (000)**

For emergency help in flood, storm and tsunami, call the **NSW SES on 132 500.**
